Any person who violates this provision shall be guilty of a misdemeanor and shall be subject to the penalties provided in Chapter 1 of this Code.

30-6.2. Voluntary Compliance.

Nothing in this chapter shall preclude the City Manager/designee from seeking voluntary compliance with the provisions of the City Code or from enforcing this chapter, proactively or reactively, through warnings, notices to comply, or other such devices designed to achieve compliance in the most efficient and effective manner under the circumstances.

30-6.3 Notice to Comply.

A. Notification. If the City finds a violation of this chapter, in the first instance, in any given twelve (12) month period, the City shall notify the responsible person through the issuance of a notice to comply. This does not apply to violations of sections 30.6.1 B or 30-11.

B. Contents of notification. A notice to comply issued pursuant to this code shall include:

1. Identification of the property in violation;
2. Statement of violation in sufficient detail to allow the owner, occupant, rental agent, property manager or responsible person to identify and correct the problem;
3. Compliance date, which shall be a reasonable time period as determined by the enforcement officer;
4. Name and phone number of the enforcement officer;
5. Criminal or civil penalties for failing to correct the violation; and
6. City authority to abate the violation should the owner neglect, fail or refuse to correct the violation within thirty (30) days and to assess a lien against the property for the cost of abatement.

C. Service of notice. The notice to comply shall be served by any of the following methods:

1. Delivery in person to the owner, occupant, manager or agent of the premises where the violation has occurred, or to the person responsible for the violation;
2. Posting on or about the entrance of the premises where the violation occurred;
3. By first class mail, postage prepaid, addressed to the owner, occupant, agent, manager or responsible person at the last known address. Service by mail is deemed complete upon deposit in the U.S. mail.
4. Certified mail
5. Publishing
6. Serving the owner, occupant, agent, manager or responsible person in the same manner as provided by the Arizona Rules of Civil Procedure.

D. Additional notice; notice not required. Nothing herein shall preclude the City from giving additional verbal or written notice at its discretion but it is not obligated to notify the same person as to a second (or additional) violation which has been the subject of a notice to comply within the previous twelve (12) month period. If the City does elect to give any additional notice in any instance, it shall not thereby become obligated to give such additional notice thereafter in the same or other situations. Nothing in this section shall require the issuance of a second notice to comply within twelve (12) months prior to commencement of civil or criminal violation proceedings.

30-6.3. Authority and Inspections.

A. Right of entry. The City Manager/designee may enter in and upon any premises within the City at all reasonable times to inspect the same or to perform any duty imposed upon the City Manager/designee regarding the enforcement of this City Code, provided that if such premises be occupied or enclosed in such a manner that there is an expectation of privacy within such enclosure, the City Manager/designee shall first present proper credentials and request entry. If entry is denied or cannot be obtained, the City Manager/designee shall not enter in or upon such premises without proper execution of an inspection warrant issued by a court of competent jurisdiction pursuant to A.R.S. § 13-3912. For residential rental property the City Manager/designee must comply with state law to enter and inspect such property.

B. If upon inspection, it is determined that violations of the City Code or state law exist, the owner or responsible party will be required to correct all violations within a reasonable amount of time. In the event that the building, dwelling, or dwelling unit is unoccupied or becomes unoccupied, future occupancy will be prohibited until a compliance letter is issued by the City.

30-6.4. Violations and Penalties.

A. Cumulative remedies. The remedies herein are cumulative when there are separate violations and the City may proceed under one or more of such remedies when there is more than one violation. Any Responsible Person who violates any provision of this Chapter except for violations of section 30-11 and 30-6.1 B or who knowingly maintains or commits a public nuisance or who knowingly fails or refuses to perform any legal duty relating to the removal of a public nuisance is guilty of a civil infraction punishable as set forth in Section 1-8.7A of this Code unless such violation causes such person to meet the definition of a “habitual Offender” set forth in Section 1-8.7B of this Code, in which case they shall be guilty of a criminal misdemeanor punishable as set forth in Section 1-8.3 of this Code. Any continuing violation of this chapter constitutes a public nuisance that may be abated by the City as set forth in Chapter 26 of this Code. Imposition of a fine or penalty assessment shall not relieve the owner of the responsibility for abatement of the violation(s) or excuse him/her from liability for any and all costs incurred by the City for abatement.

B. Each day any violation of any provision of this Chapter or a failure to perform any act or duty required by this Chapter exists shall constitute a separate violation or offense.

C. The owner of record, as recorded in the Maricopa County Recorder’s Office records of the property upon which a violation of this Chapter exists may be presumed to be a person having lawful control over any building, structure or parcel of land. If more than one person shall be recorded as the owner of the property, said persons may be jointly and severally presumed to be persons having lawful control over the building, structure or parcel of land. This presumption shall not prevent enforcement of the provisions of this Chapter against any responsible person or other person having control over a building, structure or parcel of land.

D. In addition to any other sanction or penalty, the court may issue an abatement order in accordance with the provisions of Chapter 26 of this Code.

30-6.5. Recording a Violation.

The City may record a notice of violation with the office of the county recorder. A recorded notice of violation shall run with the land and shall constitute notice, for all purposes of this ordinance, to all persons or entities thereafter acquiring an interest in the property. Failure to record a notice of violation shall not affect the validity of the notice as to persons who receive the notice. When the property is brought into compliance, a satisfaction of notice of violation shall be recorded.

30-6.6. Transfer of Property After Notice.

Responsibility upon transfer of property: The transfer of any and all property interests in any manner including but not limited to the sale, trade, lease, gift or assignment of any real property against which a notice of violation has been issued shall not relieve the party(s) served unless the legal entity assuming an ownership interest in such property, in writing, assumes responsibility for compliance with the notice of violation and a copy of such writing is presented to the City.

30-6.7. Conflict of Ordinances.

A. In any case where a provision of this Chapter is found to be in conflict with a provision of any other ordinance or code of the City, the provision that establishes the highest standard for the promotion and protection of the health and safety of the public shall prevail.

B. In cases where two or more provisions of this Chapter conflict, the most stringent or restrictive shall prevail.

30-6.8. Re-inspection fee.

Any Responsible Party who neglects, fails or refuses to correct the violations and/or abate the conditions listed in the notice of violation and abatement order issued pursuant to this City Code may be assessed a re-inspection fee for inspections that occur after the compliance date. The fee for these re-inspections shall be set by resolution of the City Council. Re-inspection fees may be collected as a lien against the real property when the violation is abated by the City pursuant to this chapter.

30-7. WARRANTS

30-7.1. Defined..

An "inspection warrant" is an order, in writing, signed by a judge of a court of competent jurisdiction, directed to a state, county or local official, authorizing entry into private property to inspect for violations of this City Code or other relevant laws and regulations.

An "abatement warrant" is an order, in writing, signed by a judge of a court of competent jurisdiction, authorizing any employee, authorized agent, representative or contractor of the City to enter onto any affected property to abate specified conditions.

30-7.2. Issuance—Supporting affidavit.

An inspection warrant for residential rental property may only be issued in accordance with state law. An inspection warrant for all other property may be issued upon a showing that the proposed

inspection is reasonable and necessary.

An abatement warrant may be issued to allow entry upon private property to abate specific conditions in accordance with an abatement order issued by the court.

30-7.3. Refusal to permit inspection or abatement prohibited; penalty.

An inspection or abatement warrant must be returned to the judge by whom it was issued within 10 working days from its date of execution.

30-7.5. Execution of inspection or abatement warrants.

A. Occupied Property. In executing an inspection or abatement warrant, the person authorized to execute the warrant shall, before entry into the occupied premises, make a reasonable effort to present the person's credentials, authority and purpose to an occupant or person in possession of the property designated in the warrant and show the occupant or person in possession of the property the warrant or a copy thereof upon request. A copy of the warrant shall be left with the occupant or the person in possession.

B. Unoccupied Property. In executing an inspection warrant or abatement warrant on unoccupied property, the person authorized to execute the warrant need not inform anyone of the person's authority and purpose, but may promptly enter the designated property if it is at the time unoccupied or not in the possession of any person or at the time reasonably believed to be in such condition. In such case, a copy of the inspection or abatement warrant shall be conspicuously posted on the property.

30-8. ADMINISTRATIVE ENFORCEMENT

This administrative nuisance abatement process is intended to enable the City to respond effectively to public nuisances and other violations of this Chapter in order to maintain and protect the public peace, safety, welfare and order and to provide security and protection to the community from harm and wrongdoings. This process makes available an alternative remedy to civil infraction, criminal prosecution or instituting a civil suit to enjoin public nuisances by authorizing the administrative body to impose orders and conditions to abate and halt public nuisances and other violations of this Chapter.

A. This section provides for administrative abatement of public nuisances and other violations of this Chapter, which is in addition to all other legal remedies, criminal or civil, which the City may pursue to address any public nuisance or code violation.

B. The use of this section shall be at the sole discretion of the City.

C. The City may proceed to abate a public nuisance or a violation of this Chapter under this section against any or all persons responsible for creating or fostering the creation of the

public nuisance or violation, without regard to whether or not the person owns the property upon which the public nuisance or violation is occurring.

30-8.1. Notice of Violation and Abatement Order.

When the City Manager/designee has determined that property in the City is being used or maintained in a manner that creates or fosters the creation of a public nuisance or that violates this Chapter, and has determined that administrative enforcement is the appropriate method to correct the violation, the City Manager/designee shall cause the responsible persons to be notified of the existence of such conditions and shall direct that such responsible persons abate and correct said conditions within a reasonable time but not less than thirty (30) days from the date of the notice or appear before the City Manager/designee at a stated time and place and show cause why such condition should not be abated by the City at such person's expense.

30-8.2. Manner of Giving Notice.

A. A copy of the notice provided for in subsection 30-8.1 shall be sent to the owner and to the occupant or lessee of the property and may be sent to any other persons sought to be charged with the responsibility of abatement. The notice may be personally delivered or sent by certified mail, postage prepaid and addressed as follows:

1. To the owner, as such person's name and address appear on the records of the Maricopa County Assessor's office as the address where the last tax bill was mailed or as otherwise known to the City by virtue of more recent and reliable information;
2. To any occupant or lessee at the address of the subject property; and
3. To any other such responsible person, as such person's name and address are known to the City.

B. The person giving such notice shall record the notice in the Maricopa County Recorder's office and shall file a copy thereof in the office of the City Manager together with an affidavit or certificate stating the time and manner in which such notice was given. The failure of any owner or other person to receive such notice shall not affect in any manner the validity of any proceedings taken hereunder.

C. The owner of real property as shown on the records of the Maricopa County Assessor's office shall be conclusively deemed to be the proper person and address for mailing of notice of any hearing or order pursuant to this chapter and the failure of any addressee to receive notice shall not invalidate any notice or order so issued. Any duly issued notice or order shall be conclusively deemed to be adequate notice to any and all occupants, users, or possessors of the property or its contents, and the failure of any such person to see, read, understand or otherwise receive the notice shall not invalidate any of the proceedings.

30-8.3. Hearing.

At the time fixed in the notice, the City Manager/designee shall hear testimony offered on behalf of the person or persons sought to be charged which tends to show why the noticed condition should not be abated and the expense thereof charged to such person as a civil debt and/or made a lien upon the property. Such person shall have the burden of producing evidence at the hearing.

The City Manager/designee may hear rebuttal testimony on behalf of the City. Within ten days of the conclusion of the hearing, if the City Manager/designee is satisfied that the condition exists and concludes that it should be abated at the expense of such person or persons, s/he shall so advise such persons, in writing in the same manner as provided for notice in subsection 30-8.2.

In the event any person given notice of hearing as shown by the evidence of mailing fails to appear at the hearing, then as to that person such evidence of mailing shall, without the taking of further testimony, be sufficient evidence of the existence of facts in support of the conclusion that an unlawful public nuisance or violation of this Chapter exists on said property. Written notice of determination shall be given in accordance with subsection 30-8.2.

Such written determination shall explain appeal procedures and specify the date on which the City will proceed with abatement if no appeal is timely filed.

30-8.4. Appeal Before Board of Appeals.

The Board shall, at a regularly scheduled meeting after receiving the appeal, hear and determine the same and the decision of the Board shall be final. The Board may either affirm or reverse the decision of the City Manager/designee or modify the scope of the work as outlined in the notice. The decision of the Board shall be served on the appellant in the manner set forth in subsection 30-8.2 and shall specify a date by which the date on which the City will proceed with abatement if the abatement is not accomplished in accordance with the decision of the Board by the owner, occupant or lessee on or before such date.

For hearings on appeals filed pursuant to this chapter, the City Manager/designee shall act as secretary to the Board.

30-8.5. Abatement.

If no appeal to the Board is taken by the person upon whom the notice of intent to compel abatement was served, or if the Board affirms the findings of the City Manager/designee, and the abatement is not accomplished by the owner by the date specified, the City Manager/designee shall cause the conditions to be abated as soon thereafter as is practical. The City Manager/designee may use City employees or may contract for the required services, or use any other methods to secure compliance in an expeditious and timely manner.

30-8.6. Record of Expenses.

The City Manager/designee shall keep an itemized account of the expenses involved in abating the public nuisance, conditions and violation(s). A statement showing the expense of the abatement, including the cost of additional inspections and administrative costs, together with an explanation of appeal rights shall be served on the owner in the same manner as provided in subsection 30-8.2. This statement shall also specify the date by which the owner must pay the

amount in full to City and explain that a lien will be placed on the property if the amount is not paid in full by the date specified.

The decision of the Board on all appeals, protests and objections that may be made shall be final and binding on all parties.

30-8.9. Assessment Against the Property.

Upon completion of the abatement by the City and service of the statement of expenses on the owner or if an appeal to the statement of expenses was filed, upon confirmation of the statement of expenses by the Board, the City shall take action to collect the amount owing to the City. If the property owner does not pay the expense of abating the violation(s) within thirty (30) days after receipt of the statement of expenses, the amount shall be recorded as an assessment lien against the property in accordance with A.R.S. Section 9-499. Such assessment lien shall be payable and bear interest as set forth in A.R.S. Section 9-499.
